Mr. Vish,

Thank you for your email. The EPA Criminal Investigation Division does not comment on investigations. If there are any further questions that you could help with or clear up, you will be contacted by me or my office. I cannot advise you on what to do as far as your personal circumstances or relationship with Orleans Technical College.

Thank you,

Robert Hamilton | Special Agent

Subject: Re: Orleans Technical College EPA Exams Fraud

Hello Mr. Hamilton:

A while back I explained about the fraud that JEVS Human Services/Orleans Technical College committed when I was a student at their trade school. I was wondering if you viewed the security camera surveillance recording of when our teacher/proctor changed my and all the other students' EPA Certifications Exams answers/results, then submitted the falsified exams results information for each student to the U.S. Federal Government. If the case has been closed, what was the result(s) please? It is possible that after a year or so since my letting you know what happened, that you might still be investigating, as you may have also investigated the proctor's previous proctoring before he began administering the EPA Exams at Orleans Technical College.

Wondering if you or someone will be letting me know the result of the investigation, the status of my 4 EPA Certifications and if I should request a refund of the EPA Certifications Exams Fee if any of them are ruled as Invalid (I know for a fact that the Type 2 or Type 3 Exam that my teacher/proctor changed my answers of is definitely worthless). Since I last contacted you, I've contacted other Federal and PA State agencies and departments about the criminal activities at that school.

Thank you very much,

Eric Vish
